

k7 Capsule Houses Configurations

Product Model: K7 (FC38C)
Length 10000mm
Overall Dimensions **Width** 3300mm
Height 3300mm
Occupied Area 33m
Characteristics kitchen

Number of Guests: 4
Output Consumption: 10KW
Net Weight: 9500KGS

A: External protective structure system	B: Interior fine decoration	E: Extra available options	
Galvanized steel structure integrated frame (80*80*3.0 hot-dip galvanized steel pipe)	Indoor wall panels and ceiling panels (8mm bamboo crystal panels, carbon crystal panels)	Graphene electric auxiliary floor heating	Extra Cost
Fluorocarbon aviation aluminum alloy shell (2.5mm high temperature aluminum plate)	Environmentally friendly wood flooring (10mm laminate solid wood flooring)		
Thermal insulation, waterproof and moisture-proof structural system (100kg/m ³ hydrophobic rock wool/polyurethane foam)	Bathroom privacy glass door (high-end extremely narrow door frame 8mm tempered glass)		
High-end aluminum alloy system doors and windows (70 series system doors and windows 6mm+12A+6mm Low-e tempered glass, Italian OTA system five European pine board calcium silicate board / Luli 9mm zero formaldehyde OSB)	Bathroom carbon crystal plate wall/stone plastic floor (8mm bamboo crystal plate, carbon crystal plate)		
Hollow tempered LOWE glass (6mm+12A+6mm) canopy (6mm+0.76PVB+6mm+12A+6mm)	High-end customized wash basin/mirror cabinet/shower (Arrow/Jiumu)		
All-aluminum swing door (cast aluminum door)	Smart toilet/bath heater (Xiaomi)		
Integrated kitchen	Whole house electrical wiring and lighting system (Bull)		
	Whole house water supply and drainage system (pipes, angle valves, floor drains) (Liansu, submarine)		
	Card power extraction/card power-off panel (including aluminum panel)		
C: Smart home	D: Furniture	F: Extra available Options	
Amazon smart home system	Nordic style double bed (including mattress)	Aluminum ceiling	Extra Cost
Smith 50L electric water heater	Wine cabinet, bar counter, bar chairs	Aluminum wall	Extra Cost
